MBA -CET MAHARASHTRA 2008\*

1. H is shorter than J. P is taller than H. A' Is taller than J but shorter than D. J is taller than P. Who among them will be in the middle if they stand in a row according to height?

- A. H            B. P
- C. J            D. D
- E.A

Direction for Q. No. 2-3: In each question, a related pair of words is followed by five numbered pairs of words. Select the numbered pair that has a relationship similar to that in the original pair:

2. Resignation : Office

- A. Appointment : Interview
- B. Abdication : Throne
- C. Illness : Hospital
- D. Moisture : Rain
- E. Competition : Game

3. Bunch : Key

- A. Players : Team
- B. Beehive : Bee
- C. Examination : Subject.
- D. Bouquet : Flower
- E. Bound : Pack

4. Pointing at Preeti, Vivek said, 'Her father is the son of my mother's sister'. How is Vivek related to Preeti?

- A. Nephew            B. Brother
- C. Cousin            D. Grand-father
- E. None of these

5. If it is possible to make only one meaningful word from the second, the third, the seventh and the tenth letters of the word FRIGHT-ENED, what will be the third letter of that word? If it is possible to make more than one such word your answer is M and if it is not possible to make any meaningful word your answer is N.

- A. D            B. I
- C. R            D. M
- E. N

Direction for Q. No. 6-20: Which of the phrases (A), (B) and (C) given below each sentence should replace the phrase given in bold in the following sentence to make the sentence grammatically correct if it has an error in it? If none of the three phrases can correct the sentence, mark (D) i.e. 'None of these' as the answer. If the sentence is correct as it is and no correction is required, mark (E) i.e. 'No correction required' as the answer.

6. The honourable court had taken a leniency view because the accused had no previous criminal record.

- A. had viewed leniency
- B. had taken a .leniency viewing
- C. had taken a lenient view
- D. None of these
- E. No correction required

7. Maintaining global peace is our self-made comniitment to the world.

- A .self-making commitment
- B. self-made committee

**CETking Workshops** - Increase your score by 20 marks in CET!

- C.made of self-commitment,  
D.None of these  
E.No correction required
8. The dinner party hosted by the President at the club was shifted to an undisclosed location.  
A. a locality undisclosed  
B.a undisclosed location  
C.an undisclosed location  
D.None of these  
E.No correction required
9. The government should launch such projects which should reverse the destructive cycle of flood and drought.  
A. should have reversible  
B.should be reverse  
C.should have been reverse  
D.None of these  
E.No correction required
10. A committee comprising eminent experts from various fields were setting up.  
A. was set up  
B.were being set up  
C.was setting up  
D.None of these  
E.No correction required
11. Our foreign exchange reserves have been increased substantially.  
A. have been increased substantially  
B.have increased substantially  
C.have substantially increasing  
D.None of these  
E.No correction required
12. The key to a competitive economy is its investment regime.  
A .competition economy is  
B.competing economist lays  
C.economy competition was  
D.None of these  
E.No correction required
13. Driving a car in jammed traffic requires extraordinary patience - especially. when other drivers are not disciplined.  
A. required extraordinarily patient  
B.requires extraordinary patience  
C.requiring extraordinary patience  
D.None of these  
E.No correction required
14. Chinese army possesses highly sophisticated simulators on which their soldiers are training.  
A. which their soldiers training on  
B.on which their soldiers have trains  
C.which their soldiers do train  
D.None of these  
E.No correction required
15. Every novel activity will be likely to face resistance from vested interests.  
A. is likely to face

- B.will be likely facing
- C.would b'..

e like facing

- D: None of these
- E. No correction required

16. We observed that traders were not primarily dedicated with art of selling.
- A.dedicated to the art of
  - B.dedicated by the art of
  - C.dedicated in the art by
  - D.None of these
  - E.No correction required
17. It is become equally clear that campaign against smoking will have little success until people realize its importance.
- A .has become equal and clear
  - B.has become equally clear
  - C.has become clearly equal
  - D.None of these
  - E.No correction required
18. Once the event is over, many people claimed credit for success but disown the responsibility for failure.
- A.claim credit of success
  - B.claim credit for success
  - C.claiming credit for success
  - D.None of these '
  - E.No correction required
19. People should be have their own mechanism to guard against the activities of unscrupulous elements.
- A. shall be have their own
  - B.should be having its own
  - C.should have owning its

- D. None of these  
E. No correction required
20. The real wonder is that the artisans while constructing the Ajanta Caves possessed only the simplest hand tools.  
A. really wonder is that  
B. really wonderful is that  
C. real wonderful is that  
D. None of these  
E. No correction required
21. If the consonants are replaced by the previous letter in English alphabet and vowels are replaced by the next letter in the English alphabet how will the word DESIGNER. be written?  
A. EDRJFMFQ B. CFRJFMFQ  
C. CDRJFMFQ D. CFRJHMFQ  
E. None of these
22. If the digits of the number 576489 are arranged in ascending order how many digits will remain at the same position?  
A None B. One  
C. Two D. Three  
E. More than three
23. In a certain code RIDE is written as %#\$@ and TAIL is written as ©\*#Δ, how is DATE written in that code?  
A. Δ#©@ B. Δ\*©@  
C. \$#©@ D. \$©\*@  
E. None of these
24. Four of the following five are alike in a certain way and so form a group. Which is the one that does not belong to the group?  
A. 85 B. 79  
C. 71 D. 73  
E. 83
25. What Will be the next letter in the following series?  
AAAAABAABBAABBCCAABBCCA  
A .A B. B  
C.C D. D  
D. Cannot be. determined

Direction for Q. No. 26•30: These questions are based the following letter/number/symbol arrangement. Study it carefully and answer the questions.

3 B E 4 # W 9 A 2 J K \* 1 5 U Q R 7 F @ H I 6 \$ V

26. How many such numbers are there, each of which is immediately preceded by a vowel but not immediately followed by a consonant?  
A None B. One  
C. Two D. Three  
E. More than three
27. 6I : E4 :: A9 : ?  
A 7F B. F@  
C. R7 D. 7R  
E. None of these
28. How many such symbols are there in the above arrangement, each of which is immediately preceded by a consonant and immediately followed by a number?  
A. None B. One

35. PROBLEM FIGURES

ANSWER FIGURES

Direction for Q. No. 36-40: Study the information carefully and answer the questions that follow.

A basket contains 2 blue, 4 red, 3 green and 5 black balls.

36. If 3 balls are picked at random, what is the probability that either all are red or all are green?

- A.  $\frac{9}{14}$
- B.  $\frac{6}{91}$
- C.  $\frac{5}{364}$
- D.  $\frac{14}{91}$
- E. None of these

37. If 2 balls are picked at random, what is the probability that none is red? "

- A.  $\frac{45}{91}$
- B.  $\frac{1}{7}$
- C.  $\frac{5}{14}$
- D.  $\frac{9}{14}$
- E. None of these

38. If 3 balls are picked at random, what is the probability that two are red and one is blue?

- A.  $\frac{3}{7}$
- B.  $\frac{3}{91}$
- C.  $\frac{5}{1001}$
- D.  $\frac{3}{70}$
- E. None of these

39. If 4 balls are picked at random, what is the probability that either 2 are blue and 2 are red or 2 are green and 2 are black?

- A.  $\frac{14}{91}$
- B.  $\frac{3}{182}$
- C.  $\frac{3}{14}$
- D.  $\frac{36}{91}$
- E. None of these

40. If 4 balls are picked at random, what is the probability that all are black?

- A.  $\frac{2}{7}$
- B.  $\frac{3}{7}$
- C.  $\frac{4}{1001}$
- D.  $\frac{6}{1001}$
- E. None of these

Direction for Q. No. 41-45: Read the following passage carefully and answer the questions given below it.

Seven Officers A, B, C, D, E, F and G travel to different places-Delhi, Kolkata, Hyderabad, Bangalore, Pune, Tirupati and Ahmedabad. Each of them is working in different departments-Accounts.

**CETking Workshops** - Increase your score by 20 marks in CET!

- E. None of these
67. In a row of boys facing North, Amit is 5th to the left of Ashok. Alok is 3rd to the right of Amit Vilas is 3rd to the left of Ashok. Which of the following describes the position of Vilas?
- A. To the immediate right to Amit  
 B. To the immediate left to Alok  
 C. To the immediate right to Alok  
 D. 3rd to the right of Amit  
 E. None of these
68. In a certain code BULB is written as CWOE. How is CATCH be written in this code language?
- A. DCGWM            B. DGCMW  
 C. DCWGM            D. DCWGM  
 E. None of these
69. The financial markets of which of the following countries were badly affected by sub prime crisis?
- A. Russia            B. Brazil  
 C. UK                D. USA  
 E. None of these
70. Which of the following countries in the world is the biggest consumer of gold.
- A. USA                B. Bangladesh  
 C. Russia            D. India  
 E. None of these

Direction for Q. No. 71-75: In each of the questions below a group of letters are given followed by four groups of digits/symbol combinations numbered (A), (B), (C) and (D). Letters are to be coded as per the codes and conditions given below. You have to find out which of the combinations (A), (B), (C) and (D) is correct and indicate your answer accordingly. If none of the four represents the correct code, make (E) i.e., 'None of these' as your answer.

Letter : B H S N T O A K R I E U G

Digit/Symbol Code : 6 8 1 # 5 2 \$ 3 9 @ 4 7 %

Conditions:

- (i) If the first as well as last letter is vowel, both are to be coded as '0'.  
 (ii) If the first letter is a vowel and the last letter is a consonant, both are to be Coded as 'Z'.  
 (iii) If the first letter is a consonant and the last letter is vowel, both are to be Coded as '\*'.  
 (iv) If the first letter is a vowel and the last letter is a vowel, both are to be Coded as '@'.

71. ONSIRT
- A. 2#1@95            B. Z#@195  
 C. Z#19@Z            D. Z#I@95  
 E. None of these
72. KIUBSR
- A. 3@7619            B. 0@7610  
 C. 3@7691            D. 3@6719  
 E. None of these
73. BKAUEG
- A. 03\$470            B. 63\$470  
 C. 03\$47%            D. 63\$7%  
 E. None of these
74. STOKGA
- A. 1523%\$            B. 1523%\*  
 C. \*523%\*            D. \*523%\$  
 E. None of these
75. ORHSNU
- A. 098#17            B. 0981#0  
 C. 298#10            D. 2981#7

- E. None of these
76. (i) T is the Brother of P  
(ii) R IS the Daughter of P  
(iii) M is the Sister of T and  
(iv) V' is the Brother of R
77. Who is the 'Uncle of V?  
A.M                      B.T  
C. P                      D. Either M or T  
E. None of these
78. P is the brother of Q and R, S is R's mother, T is P's father. Which of the 'following statements cannot be said to be definitely true?  
A. T is Q's father                      B. T is S's husband  
C. P is S's son                      D. S is P's brother  
E. S is P's mother
79. How many 7s are there in the following sequence which are immediately preceded by 4 but not immediately followed by 2? 4 7 2 7 2 3 5 9 7 4 7 5 2 4 7 Q 4 7 8 4 7 1  
A.1                      B. 2  
C. 3                      D. 4  
E. More than 4
80. A man said to a woman, "Your only brother's sister is my mother' . How is the woman related to the man's grandmother on his mother's side?  
A. Sister                      B. Sister-in-law  
C. Daughter                      D. Mother-in-law  
E. None of these

Direction for Q. No. 81-85: Study the graph carefully to answer the questions that follow:

**Per cent increase in Profit of three Companies over the years**

81. What is the per cent increase in Profit of Company C in the year 2005 from the previous year?  
A.10                      B. 45  
C.5                      D. 25  
E. None of these
82. Which of the following statements is TRUE with respect to the graph? .  
A. Company C made the highest profit in the year 2005.  
B.The profit made by Company A• in the year 2003 and 2004 was the same.

86. Number of males working in the Accounts department of Organization Q form what per cent of the total number of people working in that Organization from all departments together? (rounded off to the nearest integer)

- A. 9
- B. 15
- C. 4
- D. 19
- E. None of these

87. What is the respective ratio of total number of females working in the HR and Production departments of Organization R to the total number of females working in the IT and R & D departments of organization S?

- A. 18:23
- B. 42:23
- C. 21:43
- D. 23:18
- E. None of these

88. What is the total number of people working in the IT and Production department of Organization U?

- A. 186
- B. 128
- C. 160
- D. 153
- E. None of these

89. What is the average number of males working in the Marketing department of all organizations together?

- A.  $26\frac{1}{3}$                       B.  $27\frac{1}{2}$   
 C.  $20\frac{1}{3}$                       D.  $23\frac{1}{2}$   
 E. None of these

90. Which Organisation has the highest number of females working in it from all departments together?

- A. S                      B. P  
 C. U                      D. R  
 E. None of these

Direction for Q. No. 91-95: In these questions symbols #, @, \$, \*, % are to be used with different meanings as follow:

'A # B' means 'A is neither smaller than nor equal to B'.

'A @ B' means 'A is smaller than B'.

'A \$ B' means 'A is not greater than B'. 'A \* B' means 'A is not smaller than B'.

'A % B' means 'A is neither smaller than nor greater than B'.

In each question, three statements showing relationships have been given, which are followed by two conclusions I & II. Assuming that the given statements are true, find out which conclusion(s) **is/are definitely true**.

Mark answer (A), if only conclusion I is true;  
 mark answer (B), if only conclusion II is true;  
 mark answer (C), if either conclusion I or II is true;  
 mark answer (D), if neither I nor II is true and  
 mark answer (E), if both conclusions I and II are true.

91. Statements: T@J, J \* M, M \$ B

Conclusions: I. T # M  
 II. J \$ B

92. Statements: R # F, F @ K, K \$ V

Conclusions: I. R # V  
 II. V # F

93. Statements: E @ A, A % F, F \$ Q

Conclusions: I. E @ Q  
 II. Q \* A

94. Statements: L # M, M % O, O \* Q

Conclusions: I. M # Q  
 II. Q @ L

95. Statements: W \$ F, F @ H, H # R

Conclusions: I. W # R.  
 II. W \$ R

Directions for Q. No. 96-100: In each of these questions a group of letters is given followed by four combinations of number codes numbered (A), (B), (C) and (D). The group of letters is to be coded with the number codes and the condition given below. The 'serial number of the number combination', which correctly represents the letter group, is your answer. If none of the combinations is correct your answer is (E) i.e. 'None of these',

Letters: O J K Q H V N E B A

Number Codes: 3 9 7 6 4 8 2 I 50

**Condition:** If the first or the last letter or both in the letter group is/are a vowel then the same is/are to be coded by symbol #.

96. EHNDN

- A. #42389                      B. 142398

 C. 971430            D. 97134#  
 E. None of these

Direction for Q. No. 101-115: Read the following passage carefully and answer the questions given below it. Certain words have been printed in bold to help you locate them while answering some of the questions.

The Prime Minister's recent trip to Nigeria, the first bilateral prime ministerial visit to Africa since Jawaharlal Nehru's 45 years ago, recalls a long neglected Indian obligation. "It is up to Asia to help Africa to the best of her ability," Nehru told the Bandung Conference in 1955, "because we are sister continents." The Prime Minister's proposed strategic partnership with African nations might at last make good that 52-year old promise and also, perhaps, challenge China's expedient diplomacy. In the intervening years, the West's sanctimonious boycott of many African regimes-after nearly a century of extreme colonial exploitation-left the continent in the grip of oppressive rulers looking for new political sponsors, arms-sellers and trading partners. Not only was it an abdication. of the developed world's responsibility to the world's least developed region, sanctions actually compounded the sufferings of poorer Africans. The Darfur killings continue and there is no mellowing of Robert Mugabe's repression in Zimbabwe.

Abandoned by the West, Africa looked elsewhere. Beijing filled the vacuum by eagerly embracing dangerous and unsavoury regimes in its search for oil and other minerals. China demonstrated its influence by playing host to 48 out of 53 African leaders a year ago in a jamboree that was historic as well as historical. Historic because China has succeeded in becoming the pre-eminent outside power in Africa and its second biggest trading partner. Historical because modern Chinese diplomacy draws on the Middle Kingdom's ancient

formula: the tribute system. It was how the Son of Heaven brought those nations whom the Celestial Empire called "barbarians" into his imperial trading and, through it, cultural and political system.

**Contemporary** China's economic **penetration** of Africa also heralds a new era of cultural and political ties though the Chinese foreign ministry repeatedly assures the world that "our cooperation is not designed to be against or **preclude** any third party." This is untrue in a world of finite resources.

Once the Chinese are established in a country, no one else gets a foothold; Myanmar, where India failed to obtain the desired gas concessions, is a prime example. Aware that the hunt for energy is a zero-sum game, China's leadership courts African leaders with regular visits and substantial grants. After decades of neglect-Vajpayee's Africa visit over a decade ago was to attend a Commonwealth Summit-India will have to move cautiously but quickly if it is to break China's monopoly. Along with investing in Africa's human capital. China has outlined a strategic investment plan to build three to five trade economic cooperation zones in Africa by 2009 to boost trade, which is expected to tap \$40

billion this year. That could double to \$30 billion by 2010 on the back of an insatiable demand for natural resources to feed China's **booming** economy.

101. What was Jawaharlal Nehru's consideration for helping African nations?
  - A.The people in the continent were extre~mely backward
  - B.The Bandung Conference was held in African Continent
  - C.African Continent is emotionally related to Asian Continent
  - D.Nehru had promised the British rulers to help Africa after independence
  - E.The West had exploited African people
102. The example of Myanmar given by the author proves -
  - A.that when China patronizes a country it does not allow other nations to enter
  - B.India's foresight to feed its growing hunger for energy
  - C.Myanmar's political acumen to have symbiosis with China
  - D.that a country's political wisdom does not necessarily establish economic stability
  - E.None of these
103. Which of the following is the author's suggestion to India to break the Chinese monopoly?
  - A.Move away cautiously but quickly from the African nations
  - B.Arrange P.M.'s regular visits to African countries
  - C.Outline a strategic plan of investme'lt in the African countries
  - D.Plan for an increased economic help to African countries
  - E.None of these
104. From the contents of the passage, it can be inferred that the author's views are-
  - A.in favour of India gaining an edge over China
  - B.against India's entering into a competition with China
  - C.in favour of not making any investment in African countries
  - D.appreciative of oppressive and barbaric African rulers
  - E.None of these
105. The author considers the claims of the Chinese Foreign Ministry regarding third party as-
  - A.just and worthy of trust
  - B.true but slightly exaggerated
  - C.too exorbitant to be true
  - D.an underestimate of the quality and quan-tity of their help
  - E.None of these
106. Which of the following best explains the term "Middle kingdom's ancient formula" ?
  - A. Rendering free hand for political, cultural and commercial upliftment
  - B.Influencing the underdeveloped countries through apparently patronizing policy
  - C.Referring the underdeveloped folks as barbarians and mistreating them
  - D.Becoming pre-eminent outside power and thus ruling over them
  - E.None of these
107. Which of the following was/were the reason(s) for the backwardness of African Nations?
  - (1) Mistreatment by the alien rulers
  - (2) Tyrannical leaders governing the gullible masses
  - (3) Exploitation and neglect by Western countries
  - A.(1) and (2) only
  - B. (2) and (3) only
  - C. (1) and (3) only
  - D.None of these
  - E. All the three .
108. Why did African countries explore help from countries other than the Western countries?
  - A.The Western countries had turned a blind eye to the African countries
  - B.The Western countries were not able to maintain their own economy

- C. Other countries like China were ready to extend help without expecting returns  
 D. The flow of help from Western countries was only of a lopsided nature  
 E. None of these
109. China's substantial grants to African countries are an act of-  
 A. China's modern policy of rendering social service on humanitarian considerations  
 B. stepping up its campaign of universal brotherhood among nations  
 C. rendering selfless service to certain underdeveloped countries to beat the western countries  
 D. calculated selfish motive to fulfil its energy needs  
 E. None of these

Direction for Q. No. 110-112: Choose the word which is most OPPOSITE in meaning of the word given in bold as used in the passage.

110. Contemporary  
 A. Fashionable                      B. Modern  
 C. Current                            D. Existing  
 E. Old
111. booming  
 A. striving                            B. sounding  
 C. failing                              D. thriving  
 E. degrading
112. preclude  
 A. disqualify                        B. permit  
 C. prevent                            D. pre-empt  
 E. include

Direction for Q. 113-115: Choose the word which is most nearly the SAME in meaning as the word given in bold as used in the passage.

113. sanctimonious  
 A. permissive                        B. incongruent  
 C. poetic                                D. holy  
 E. scrupulous
114. abdication  
 A. abandonment                    B. obligation  
 C. instigation                        D. addiction  
 E. spiritualization
115. penetration  
 A. infiltration                        B. entry  
 C. piercing                            D. access  
 E. breaking

Directions for Q. No. 116-120: Each of the questions below consists of a question and two statements numbered I. and II given below it. you have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and Give answer A. if the data in Statement I alone are sufficient to answer the question, while the data in Statement II alone are not sufficient to answer the question.  
 Give answer B. if the data in Statement II alone are sufficient to answer the question, while the data in Statement I alone are not sufficient to answer the questions.  
 Give answer C. if the data in Statement I alone or in Statement II alone are sufficient to answer the question.  
 Give answer D. if the data in both the Statements I and II are not sufficient to answer the question.  
 Give answer E. if the data in both the Statements I and II together are necessary to answer the

- question.
116. How is P related to Q?  
Statements; I. Mother of P is daughter of R.  
II. R is sister of Q.
117. Among five friends A, B, C, D & E who is the youngest?  
Statements: I. B & D are older than C & E.  
II. C is older than only E.
118. Tower R is 'in which direction with respect to Q?  
Statements: I. M is to the East of Q and to the North of R.  
II. L is to the West of R and to the South of Q.
119. How many children are there in the row of children facing North?  
Statements: I. Kavitha is twelfth from the left end of the row and is seventh to the right of Nisha.  
II. Nisha is twentieth from the right end of the row.
120. How many sons does 'D' have?  
Statements: I. R is the only sister of T & M who are sons of D.  
II. T & M are only brothers of R who is daughter of D.

Direction for Q. No. 121-125: In each of these questions there are two sets of figures. The figures on the left are Problem Figures (four figures and one question-marked space) and those on the right are Answer Figures indicated by number (A), (B), (C), (D) and (E). A series is established if one of the five Answer Figures is placed at the "question-marked space". Question Figures form a series if they change from left to right according to some rule. The number of the Answer Figure which should be placed in the question-marked space is the answer. All the five figures i.e. four Problem Figures and one Answer Figure placed in the question-marked space should be considered as forming the series.

141. (i) Six boys are sitting around a circle facing the center.  
(ii) P is to the immediate left of S.  
(iii) J is between A and B.  
(iv) H is between P and A.
- If Sand B exchange their positions, who will be to the immediate right of B?
- A. Cannot be determined  
B. A  
C. J  
D. P  
E. None of these
142. P is father of G, A is sister of C, D is uncle of A, C is brother of G and G is father of B. Who is uncle of B?
- A. D  
B. P  
C. C  
D. Cannot be determined  
E. None of these
143. In a certain code language 'ewxahu de' means 'she is eating apples', 'ewpova' means 'she sells toys' and 'ut 'li de' means 'I like apples'. Which words in the language mean 'she and apples'?"
- A. lit and de  
B. ew and de  
C. de and po  
D. xa and ew  
E. None of these
144. In a certain code CHETAN is written as FEHQDK. How is SUNDER written in that code?
- A. VRQAHQ      B. PXXGHO  
C. VRQABU      D. PXXGBU  
E. None of these
145. Two letters in the word ROUBLE have as many letters between them in the word as in the English alphabet. Which one of the two comes earlier in the alphabet?
- A. U                      B. E  
C. R                      D. L  
E. None of these

Q. No. 146-150: What should come :J ace of the question mark (?) in the following zions?

146. Sq.root of 10609 x sq.root of 7938.81 = ?

- A. 9177.3
- B. 8197.3
- C. 8553.3
- D. 8682.7
- E. None of these

147.  $\{[(13)^2]^3\}^? = 2197$

- A. -3
- B.  $\frac{1}{23}$
- C.  $\frac{1}{2}$
- D. -4
- E. None of these.

148. 18.4% of 656 + 12.7% 864 = ?

- A. 252.623
- B. 230.432
- C. 210.284
- D. 246.182
- E. None of these

149.  $(98.4)^2 + (33.6)^2 = ?$

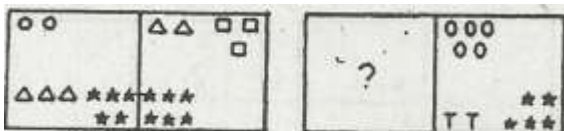

- A. 11811.52
- B. 18011.52
- C. 10921.25
- D. 19021.25
- E. None of these

150.  $8959 \div ? \div 4 \div 5 = 26.35$

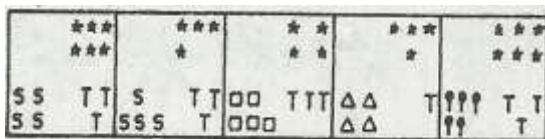

- A. 15
- B. 13
- C. 11
- D. 17
- E. None of these.

Direction for Q. No •. 151-155: The first figure in the first unit of the problem figures bears a certain relationship to the second figure. Similarly one of the figures in the answer figures bears the same relationship to the second figure in the second unit of the problem figures. You are therefore to locate the figure which would fit in the question mark.

Direction for Q. No. 156-160: Below is given a passage followed by several possible inferences numbered from 156 to 160 which can be drawn from the facts stated in the passage. You have to examine each inference separately in the context of the passage and decide upon its degree of truth or falsity.

Mark answer : (A) if you think the inference is 'definitely true' i.e., it properly follows from the statement of facts given;

Mark answer : (B) if you think the inference 'probably true' though not 'definitely true', in the light of the facts given;

Mark answer : (C) if you think the data are inadequate i.e., from the facts given you cannot say, whether the inference is likely to be true or false

Mark answer : (D) if you think the inference is 'probably false' though not 'definitely false' in the light of the facts given and

Mark answer : (E) if you think the inference is 'definitely false' i.e., it cannot possibly be drawn from the facts given or it contradicts the given facts.

Now, read the following passage and the inferences given below them and mark your answers on the separate answer sheet.

The serious accident in which a person was run down by a car yesterday has again focused attention on the most unsatisfactory state of street lighting. No one expects side roads to be provided with the same standard of lighting as a main road, but unless the council is prepared to make good its promise as regards road lighting, it will only be a question of time before there are further and perhaps fatal accidents.

- 156. It seems that the council has promised to improve the state of lighting on side roads.
- 157. Several accidents have so far taken place because of unsatisfactory lighting.
- 158. The accident that occurred was fatal.
- 159. The accident occurred at night.
- 160. There will not be a single accident on roads if they are satisfactorily illuminated.

Direction for Q. No. 161-165: In each of the following questions, a related pair of figures is followed by five numbered pairs of figures. Select the pair that has a relationship similar to that in the unnumbered pair. The best answer is to be selected from a group of fairly close choices.

161.

162.

163.

164.

165.

Direction for Q. No. 166•170: In the following questions, two equations numbered I and II are given. You have to solve both the equations and-

- Given Answer if
- (A)  $X > Y$
  - (B)  $X \geq Y$
  - (C)  $X < Y$
  - (D)  $X \leq Y$
  - (E)  $X = Y$  or the relationship cannot be established.

- 166. I.  $X = \sqrt{1369}$   
II.  $(Y)^2 = 1369$
- 167. I.  $X^2 + 9X + 20 = 0$

- II.  $Y^2 + 7Y + 12 = 0$   
 168. I.  $X + 2Y - 11.5 = 0$   
 II.  $4Y + 2X = 23$   
 169. I.  $X^2 + 11X + 28 = 0$   
 II.  $Y^2 + 15Y + 56 = 0$   
 170. I.  $2X - 4Y = 12$   
 II.  $4X - 2Y = 0$

Direction for Q. No. 171-175: Study the table carefully to answer the questions that follow:

**Number of Students (In thousands) Appearing (A) for a Competitive exam from Six different States and Percentage passing (P) the exam over the years**

Year	2002		2003		2004		2005		2006		2007	
	A	%P	A	%P	A	%P	A	%P	A	%P	A	%P
A	2.3	11	4.2	21	3.5	12	2.0	22	1.8	14	1.2	17
B	3.5	14	3.6	16	3.4	11	1.3	15	2.3	16	2.1	18
C	1.8	23	2.8	13	2.9	16	4.5	24	2.3	23	3.9	20
D	2.9	18	2.8	15	1.6	20	3.2	20	3.3	16	4.0	19
E	4.4	17	3.2	23	1.9	16	1.5	18	3.1	18	2.7	14
F	3.2	21	3.0	14	4.0	14	2.6	11	3.8	19	2.3	13

**A = Appeared .                      % P = Percentage passing**

171. What is the total number of 'students passing in the exam from State, B in the year 2002 and 2003 together?,  
 A. 1206                                  B. 1068  
 C. 1146                                  D. 1226  
 E. None of these
172. What is the respective ratio of number of students passing in the exam from State C in the year 2004 to those passing in the exam from State E in the year 2007?  
 A. 232 : 189      B. 117 : 248  
 C. 248 : 117      D. 189 : 232    E. None of these
173. Which State has the highest number of students appearing for the exam in all the years together?  
 A. D                                  B. E  
 C. F                                  D. C  
 E. None of these
174. What is the total number of students passing in the exam in the year 2005 from all States together?  
 A. 2836                                  B. 2911  
 C. 2624                                  D. 2543  
 E. None of these
175. The number of students passing in the exam from State D in the year 2006 is what per cent of the total number of students appearing from all States together in that year? (rounded off to two digits after decimal)  
 A. 4.12                                  B. 2.86  
 C. 4.07                                  D. 3.18  
 E. None of these

Direction for Q. No. 176-180: In each question below is given a statement followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumptions is implicit in the statement.

Give answer :(A) if only assumption I is implicit.

Give answer :(B) if only assumption II, is implicit.

Give answer :(C) if either I or II is implicit.

Give answer :(D) if neither I nor II is implicit.

Give answer :(E) if both I and II are implicit.

Study the following sample question:

Statement: Go by aeroplane to reach Bangalore from Mumbai quickly.

Assumptions: I. Mumbai and Bangalore are connected by aeroplane service.

II. There is no other means of going from Mumbai to Bangalore.

It is clear that assumption I is implicit in the statement. Assumption II is not implicit in the statement. In fact, the statement implies that there are other means to reach Bangalore from Mumbai but they take longer than by aeroplane. The answer, therefore, is (A) viz., only I is implicit.

176. Statement: These mangoes are too cheap to be good.

Assumptions: I. When the mango crop is abundant, the prices go down.

II. The lower the selling price, the inferior is the quality of the commodity.

177. Statement: Although more amenities have been provided the fares have not been raised.

Assumptions: I. Fares are dependent on amenities provided.

II. Fares are independent of amenities provided.

178. Statement: "Wanted unmarried, present-table, matriculate girls between 19 and 22 able to speak fluently in English to be trained as receptionists".

Assumptions: I. Fluency in English is a pre-requisite for good performance as receptionist.

II. Height does not matter in performing as receptionist.

179. Statement: Ten candidates who were on the waiting list could finally be admitted to the Course.

Assumptions: I. Wait listed candidates do not ordinarily get admission.

II. A large number of candidates were on the waiting list.

180. Statement: In Mumbai railway trains are indispensable for people in the suburbs to reach their places of work on time.

Assumption: I. Railway train is the most affordable mode of transport available in the suburbs of Mumbai.

II. Only railway trains run punctually.

Direction for Q. No. 181-185: In each question below are given three statements followed by two conclusions numbered I and II. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts and then decide which of the given conclusions logically follows from the three given statements, disregarding commonly known facts. Then decide which of the answers (A), (B), (C), (D) and (E) is correct answer and indicate it on the answer sheet.

Give answer :(A) if only conclusion I follows.

Give answer :(B) if only conclusion II follows.

Give answer :(C) if either conclusion I or conclusion II follows.

Give answer :(D) if neither conclusion I nor conclusion II follows.

Give answer :(E) if both conclusions I and II follow.

181. Statements: Some phones are cells. All cells are batteries.

Some batteries are tools.

Conclusions: I. Some tools are cells.

II. Some batteries are phones.

182. Statements: All numbers are letters. Some letters are words.

Some words are symbols.

Conclusions: I. Some symbols are letters.

II. Some words are numbers.

183. Statements: All keys are cards. All cards are locks.

No keys are doors.

Conclusions: I. No lock is door.

II. Some locks are doors.

184. Statements: Some stars are plants. Some plants are trees.

All trees are flowers.

Conclusions: I. Some flowers' are plants.

II. Some flowers are stars.

185. Statements: Some books are papers. All papers are files.

All files are records.

Conclusions: I. Some records are books.

II. Some files are papers.

Direction for Q. No. 186.190: What approximate value should come in place of the question mark (?) in the following questions? (You are not expected to calculate the exact value.)

186.  $\sqrt[3]{860000} = ?$

- A. 75
- B. 80
- C. 110
- D. 125
- E. 95

187.  $1\frac{5}{8} + 5\frac{1}{3} + 2\frac{2}{5}$

- A. 15
- B. 4
- C. 19
- D. 9
- E. 21

188.  $8769 \div 82 \div 4 = ?$

- A. 27
- B. 44
- C. 428
- D. 12
- E. 512

189. ?% of 45.999 x 16% of 83.006 = 116.073

- A. 6
- B. 24
- C. 19,
- D. 30
- E. 11

190.  $12.998 \times 27.059 \times 17.999 = ?$

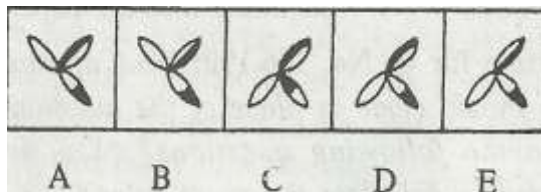

- A. 6020
- B. 6330
- C. 6800
- D. 6540
- E. 6150

Direction for Q. No. 191-195: The first figure in the first unit of the problem figure' bears a certain relationship 'to the second figure. Similarly one of the figures in the answer figures bears the same relationship to the second figure in the second unit of the problem figures. You are therefore to locate the figure which would fit in the question mark.

Direction for Q. No. 196-200: Study the graph carefully to answer the questions that follow:  
**Number of Men, Women and Children in Six different Colonies**

**-COLONY--**

196. What is the difference between the total number of men and the total' number of women from all colonies together?

- A 250      B. 0
- C. 100     D. 50
- E. None of these

197. What is the average number of children from all colonies together?

- A.  $708\frac{1}{3}$       B.  $622\frac{1}{2}$
- C.  $683\frac{1}{3}$       D.  $712\frac{1}{2}$
- E. None of these

198. Total number of members from Colony F form approximately what per cent of the total number of members from all colonies together?

- A. 22      B. 8
- C. 13      D. 29
- E. 36

199. What is the respective ratio of number of men to the number of women of Colony E?

- A. 8 : 3      B. 13 : 11
- C. 6:5      D. 7:6
- E. None of these

200. Number of children from Colony B form what per cent of the total number of members of that Colony? (rounded off to two digits after Decimal)

- A 14.26      B. 13.19
- C. 12.64      D. 15.38
- E. 14.83

**ANSWERS I**

1	2	3	4	5	6	7	8	9	10
C.	B	D	E	D	C	E	E	D	A
11	12	13	14	15	16	17	18	19	20
A	E	B	D	A	A	B	B	D	E
21	22	23	24	25	26	27	28	29	30
B	C	E	A	E	C	A	B	D	E
31	32	33	34	35	36	37	38	39	40
D	D	C	C	A	C	A	B	E	E
